

✦ Open to Internship / Junior Roles

Hi, I'm

Seif Eldin ELMuselmani

Backend Software Engineer

Backend Software Engineer (.NET & MEAN) | BSc in CS | NTI & DEPI Scholar
(1st Place Project)

Award-winning Backend Developer specializing in scalable architecture, Clean Architecture, and zero-to-one application development. Actively seeking a Backend Internship or Junior .NET role (Remote/Hybrid) to bring a blend of technical skill and leadership mindset to your team.

About Me

My Passion for Architecting scalable systems

I am a passionate Software Engineer and a Final Year Computer Science student at Zagazig University, specializing in Backend Development with .NET (C#) and SQL Server. My journey is defined by leadership and innovation, from winning 1st Place nationwide in the DEPI competition with the 'Shuryan' project, to leading the 'NABD' AI-driven healthcare ecosystem.

Beyond coding, I am an active tech community contributor with over 7,000 followers on LinkedIn. I thrive on implementing SOLID principles, OOP, and building robust, scalable RESTful APIs that address complex real-world requirements.

General Info

Name: Self Eldin ELMuselmani

Specialty: Backend Developer (.NET & MEAN)

Email: eldensol9645@gmail.com

Phone: +20 122 381 7880

Location: Zagazig, Egypt

Skills & Certifications

Top Expert Domains

C# & ASP.NET Core Web API 95%

MEAN Stack (MongoDB, Express, Angular, Node) 90%

SQL Server & EF Core (Code-First) 92%

Clean Architecture & SOLID Principles 95%

Core Technical Stack

C# & ASP.NET Core

Node.js & Express

Angular & React

SQL Server & MongoDB

EF Core & SQL Server

JavaScript (ES6+) & TS

Clean Architecture & SOLID

Git & GitHub Workflows

Certifications & Tracks

🎓 Deep Learning Intro

🎓 Python Basics

🎓 Business English Track

🏆 DGP 1st Winner

📄 System Analysis

Certificates & Credentials

DEPI - MINISTRY OF
COMMUNICATIONS EGYPT

**Full stack .Net Web
Developer**

June - December 2025

HACKERRANK

**SQL (Intermediate)
Certificate**

18 Jul, 2025

HACKERRANK

SQL (Basic) Certificate

21 Jul, 2025

ITI MAHARA-TECH

**Introduction to Deep
Learning**

25 Jan, 2026

ITI MAHARA-TECH

**Python Programming
Basics**

21 Jan, 2026

ALMORASA PLATFORM

**Git & GitHub Version
Control**

2025

Work Experience

Mar 2025 - Present

MEAN Stack Developer Intern

National Telecommunication Institute (NTI)

Intensive training program focusing on the MEAN Stack. Building full-stack web applications and enhancing complex server-side development skills.

2024 - Present

Freelance Software Developer

Self-Employed

Leading zero-to-one backend development, API contracts design, and system analysis for multiple web-based solutions. Conducting rigorous code reviews.

Jun 2025 - Dec 2025

Full Stack .NET Trainee

Digital Egypt Pioneers Initiative (DEPI)

Intensive technical track. Mastered scalable web apps using ASP.NET Core and EF Core (Code-First). Applied industry-standard practices including Design Patterns and Clean Architecture. Secured 1st Place nationwide.

Education & Achievements

Aug 2022 - May 2026 (Expected)

Bachelor of Science in Computer Science

Faculty of Computers & Information, Zagazig University

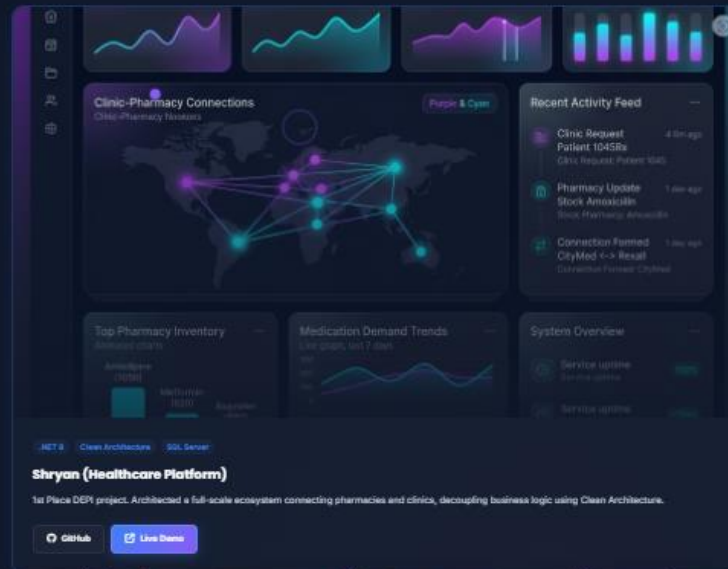

Cumulative Grade: Very Good

Key Achievements

- **1st Place Winner – DEPI Nationwide Competition**
Secured 1st Place nationwide out of thousands of developers in Egypt with the integrated healthcare platform "Shuryan".
- **7K+ Tech Network on LinkedIn**
Building an active technology brand on LinkedIn, contributing concepts of Backend engineering, architecture, and SOLID coding.

Featured Projects

My Services

Backend Development

Designing and developing high-performance, secure, and scalable server-side systems, RESTful APIs, and robust databases.

Clean Architecture & SOLID

Applying SOLID principles and Clean Architecture design patterns to decouple business logic, ensuring highly maintainable codebases.

Database Optimization

Designing high-performance relational and non-relational database schemas, writing complex queries, and tuning indexing for speed.

Professional Testimonials

★★★★★

"In my capacity as the administrative officer at the branch, I am pleased to highly recommend Self EIMuselmani, who was one of the outstanding students during his time in the NTI program. Self demonstrated a strong commitment to learning and continuous self-development. He consistently attended sessions, actively participated in discussions and practical activities, and showed an impressive ability to quickly grasp concepts and apply them effectively in a structured manner. In addition, he possesses a positive attitude, strong teamwork skills, and a high sense of responsibility, making him a valuable asset to any organization he joins."

Sherif Adel

Administrative Officer at Branch, NTI (Self's Mentor)

★★★★★

"I had the pleasure of working with Self during his training in the MEAN Stack track. Self is one of the most dedicated and hardworking trainees I have met, and his passion for learning and continuous improvement is very clear. What truly distinguishes Self is his technical curiosity and his desire to understand every detail. He consistently asked thoughtful questions and paid close attention to the small details in the explanations to ensure he fully understood the concepts. I believe Self has a very promising future in software development, and I highly recommend him for any opportunity in Web Development."

Rayan Mohamed

Front-end Developer (Self's MEAN Stack Mentor)
